Looking to participate in a holiday gift giving program this season?

Family Self-Sufficiency, a program of Boulder County Housing and Human Services, offers a Holiday Gift Sponsor Program to assist low-income parents who do not have other support during the holiday season. Eligible participants must be actively pursuing either job training or education on their path to economic self-sufficiency. FSS can also accept cash donations from donors who would like to help a FSS participant with a specific expense, such as a tuition payment, childcare cost, automobile repair, or a utility payment. Sponsors spend between \$30 and \$100 per person. For more information on FSS, call: (303) 441-3923 or email: kfrye@bouldercounty.org

Family to Family provides another giving opportunity this holiday season serving families and individuals who are clients of Housing and Human Services, including Child Protection, Adolescent, Adult Protection (elderly and disabled adults) and Financial Assistance Caseloads. The Family to Family staff refers clients based on need and helps them to complete a shopping list of items, which can include gift cards, totaling no more than \$75 per person. For more information, contact the Volunteer Services Office at: (303) 441-1050 or dmcraith@bouldercounty.org

Deadlines to participate are approaching. All donations benefit local families and are fully tax-deductible.
