Candice Owen, City of Boulder/Public Works/Water Quality

Bret Linensfelser, City of Boulder/Public Works/Water Quality

MaryAnn Nason, City of Boulder/Public Works/Water Quality

Pam Milmoie, Boulder County Public Health/PACE

I. Approval of Minutes

All

The December Steering Committee minutes were approved.

II. Coordinator and Partner Updates

Plans for the future were primarily discussed and the group committed to further discussion at the March Steering Committee. The City of Boulder would like to boil down the current efforts to align with permit compliance and free up staff to increase individual program efforts. They would also like to explore becoming a watershed group.

Consortium of Cities Water Summit was a great event. E coli in irrigation water appears to be a concern for the farming community.

A discussion to include the St. Vrain portion of the watershed in the 319 Watershed Plan will be held on February 12 at 1251 S. Bowen in Longmont.

The data call for the Watershed Monitoring Framework will wrap up on March 15 for all 2014 data.

The 2015 Colorado Stormwater Council due invoices have been mailed out.

Regulation 85 meeting

- CLEAN Center presented on their Wastewater, Urban Stormwater, Agriculture and Channel Erosion efforts – looking at interim standards and comparing as part of Reg 85
- CDPHE requested communities report stream gauges that are no longer there or report 'odd' Storet data
- Goal is to have the triennial review in October
- Mentioned two stormwater reports and MS4 permit requirements

The paint recycling effort is underway. The requirement is that 90% of all Coloradoans will have the ability to recycling paint within 15 miles of their home.

CDPHE fee bill will have a fee for pesticide permits and 401 certifications.

III. Workgroup Updates

MCM 1/2

Russ shared with the group that event booths were to be reduced to 1 per Partner do to staffing uncertainties.

Mary Ann Nason presented the end of year results. The website and Facebook are routinely updated. Newsletters have gone out. Classroom and speaker programs have been provided.

Youth Corps is on track for 2015.

The traveling exhibit will be tied to mini-campaign efforts in 2015.

The props like the trail head signs and pull ups are available for Partners to use.

The door hanger will need to be revamped in 2015 so that is doesn't reference the storm drain marker.

MCM 3/6

Pam Milmoie presented the end of year results. She point out for clarification that the % compliance/behavior change data is not trended data. The businesses that are visited are different year to year so trends can't truly be indicated.

The Property Manager reports are posted.

The Emergency Environmental Response data is posted.

MCM 4/5

2014 Training Recap

- Erosion Control Trainings \$3,700 - 54 individuals, 3 trainings
- Post Construction - \$1,875 - 25 individuals
- \$1,300 collected in fees
- \$4,275 total spent

2015 Training schedule is posted – waterway and LID classes were added this year.

2015 Trainings <http://www.keepitcleanpartnership.org/wp-content/uploads/pdfs/2015constructiontrainingschedule.pdf>

For review the CSU maintenance guide. It will be handed out to past and future post construction class students.

https://www.dropbox.com/sh/60aylo2k12fl16v/AAB5tt_K35olkclYeJt7SQea?dl=0

CDOT is releasing a regional detention program. The factsheet and PowerPoint will be distributed and the Partners were encouraged to consider participation in any future projects. Applications are due mid-April.

Urban Drainage is reviewing ultra-urban BMPs and the media mix.

Annual/Budget/Permit Workgroup

End of year budget analysis was distributed and posted to website.

2015 KICP invoices were distributed.

KICP annual report should be distributed and posted in March.

To support the upcoming discussions of the future of KICP, the group was reminded of the pollutant/program table posted on the website as well as an internal tracking spreadsheet of programs and expenses that will be distributed.

Closing/Next Steps

All
