

We offer some of the best evidenced-based outpatient treatment services for men, women, and teens in the State of Colorado. We offer gender-specific and co-ed groups and individual treatment designed to meet the needs of most clients. Psychiatric services are available as needed. Groups are available in Longmont, Boulder, and Lafayette, and they are easily accessible by public transportation.

OUTPATIENT SERVICES: DUI PROGRAM

All DUI groups are 2 hours in length. The cost for all DUI groups is \$25 for all clients or \$10 for those who meet the federal poverty guidelines and have proof of their income. Because the DUI Program is primarily self-supporting, a sliding fee scale is not offered. Individual appointments may be available upon request.

Group	Intended Participant	Locations	Cost	Curriculum	Length
Level II Education	Clients needing Level II Education	Boulder: 3 groups offered (including one on Saturday) Longmont: 2 groups	\$25 per group plus one-time \$25 intake fee & \$10 for each book	Driving with Care	2 hours
Level II Therapy	Clients needing Level II Therapy	Boulder: 4 groups offered (including one on Saturday) Longmont: 2 groups	\$25. No sliding fee, but limited reduced fee (\$10) with proof of income below federal poverty guidelines	Driving with Care curriculum + outpatient groups specific to the client's needs (listed below)	2 hours
Enhanced Therapy	Three or more hours of treatment per week is easily accommodated for each client
