The above geologists have asked to be included on our list. They have demonstrated that they are a graduate of an institution of higher education, which is accredited by a regional or national accrediting agency, with a minimum of thirty semester (forty-five quarter) hours of undergraduate or graduate work in a field of geology and whose post-baccalaureate training has been in the field of geology with a specific record of an additional five years of geological experience to include no more than two years of graduate work. Boulder County Public Health does not specifically endorse or certify any of the companies/individuals on this list.
