

SOLAR THERMAL CONTRACTORS for the GEO Solar Domestic Hot Water (SDHW) Pilot Rebate Program

Compiled by the...

The Center for ReSource Conservation (CRC), in partnership with the County of Boulder and City of Boulder, is piloting the Governor's Energy Office (GEO) funding for the local implementation of the GEO Residential Solar Program for Solar Domestic Hot Water systems (SDHW) for Boulder County residents. Existing homes will be required to receive an energy audit from the Residential Energy Audit Program (REAP)* to be eligible for the rebate. New construction in the jurisdiction of Boulder's Green Points or the County's BuildSmart program will meet efficiency performance requirements through those regulations. Additional details about the rebate program can be found on page 2.

Participating Solar Thermal Contractor Companies Homeowners must use an "eligible" solar thermal contractor** to qualify for the rebate. Below is a list of participating contractors:

Aqua Care

Contact: Steve Ruby
Phone: 303-589-4428

SOLAR THERMAL CONTRACTORS for the GEO Solar Domestic Hot Water (SDHW) Pilot Rebate Program

Compiled by the...

The Center for Resource Conservation (CRC) will administer Boulder County's pilot solar thermal rebate program with matching funds provided through the City of Boulder and Boulder County. Installations must be in Boulder County, half of the rebates will be designated for the city of Boulder.

Rebates will be offered in a lottery format. Lottery applications will be accepted electronically, the first 15 applications drawn will receive a confirmation letter that guarantees them a rebate payment so long as their system is installed by the end of 2008. **A signed contract with an installer must be submitted to the CRC within 60 days of winning the lottery and installation completed by December 1st.**

Lottery information:

The lottery will be **Monday, July 28th at 12:00 PM MST** unless the minimum offering isn't met. In which case, it becomes a first come, first serve until rebates are completed. To be included in the lottery, please email or send the following information to reap@conservationcenter.org or 1701 Walnut Street, Boulder, Colorado 80302 Attn: REAP Solar Thermal Rebate.

In the title of the email please write: **Solar Thermal Rebate Lottery**

In the body of the email, please include:

Your name
Home address, city, zip
Phone number
Email address

A waiting list will be generated in case the any of the first 16 applicants do not complete installation.

Rebate details:

- If selected in the lottery, rebates will be offered at \$3,000 per system, with the following minimum qualifications met:
- Complete GEO rebate form. (Application forms available from a certified contractor.)
- All applications must submit an invoice from a CRC pre-qualified installer that details the system. Systems will be required to meet GEO's minimum performance requirement of 60,000BTU/day, based on SRCC rating for clear day/C interval (see <http://www.solar-rating.org/ratings/ratings.htm>, download "Summary of SRCC Certified Solar Collector and Water Heating System Ratings"), with nominal 80 gallon minimum solar storage tank size.
- Existing homes are required to receive an energy audit from the Residential Energy Audit Program (REAP) before installation. New construction homes must comply with Boulder's Building Department's GreenPoints or Buildsmart Programs.
- Rebates will be paid directly to the homeowner upon completion of the installation as verified by the installer.
- Anyone within Boulder County can be eligible (including PVREA and Longmont Power customers) except United Power customers.

Questions:

Please contact JC Martel, Residential Energy Audit Program Manager for questions at (303) 441-3278 x 24 or email REAP@conservationcenter.org.
